Theme Name: *Out of the 5 themes*

Slide 2

PROBLEM STATEMENT
Define the exact **PROBLEM** that you intend to solve.

IDEA

Explain, in brief, how you intend to **SOLVE** the problem at hand.

Please include the following;

- Beneficiary/User segment this idea is intended for
- How it helps the beneficiary/user segment
- Relevance in Pune Smart City
- Potential Impact; the impact metrics that one can use to analyze the effect of the solution
- Business model/Commercial viability
- Ease of implementation - Stakeholders involved, Infrastructural requirements

ADDITIONAL SUPPORT INFORMATION

Solution Architecture and Deployment Architecture which includes but is not limited to:

- Wireframes
- Flow diagram/Algorithm

ADDITIONAL DOCUMENTS

- A write-up to describe the overview of the idea (Less than 2 pages). This should synthesis the content of the 10-page presentation.
  o Font-Arial
  o Size -11,
  o 1-inch margins on all sides
  o Line spacing: 1.15)
- Demo video
- Solution code repository (GitHub links, executable files), if applicable

THANK YOU ☺
